

## A TAME DAY IN OTTAWA HOUSE

**Preliminary Proceedings De-  
voted Entirely to An-  
swering Questions.**

## EASTERN MEMBERS WANT IMMIGRANTS

### Rogers Says That He Will Co-Operate With Pro- vinces

Ottawa, Jan. 23.—The week in parliament consisted of what was expected to be the most private members' day of the session. The preliminary proceedings were devoted to the consideration of a number of questions. A question on order paper which has been standing since the previous session was asked by Mr. H. Ames, Conservative member for St. Antoine division, Montreal, and was answered by the minister of justice, J. D. Hazen, minister of taxation and finance, and minister of marine, that the government was not prepared to consider any change in the Montreal harbor dues. He added that at the request of the government the board of inquiry into the public service complaint was to be reconstituted and was to inquire into the administration of the public service. There was another exchange between the minister of justice and Laurier of the fixing of a date for the discussion in June of the question of the St. Lawrence power project. The minister of justice said that the government was aware that the idea are not only will deliver definite action for the government but also the fixing of a date for the discussion in June and evening session was taken up with the discussion of a motion by Mr. H. Ames, Conservative member for St. Antoine division, Montreal, for more active on the part of the government in the St. Lawrence power project.

was supported by other Maritime province members, some of whom, however, took the view that unless a larger market could be secured it would be unwise to initiate the population.

The speeches continued late into evening, Hon. H. R. Emmereh, S. Crockett (Trinidad), and J. M. Aikens (Barbados) and others subscribing to the discussion. While factoring the terms of the resolu-

sen. Robert Rogers, speaking for government announced that it is the policy of the government to carry out any active administrative campaign of the prohibition of all the immigration from Europe. It was the intention of the government to co-operate as far as possible in matters of migration with the provincial governments and he believed in the same way that prohibition would be the best means to prevent the immigration of undesirable persons from the same country.

Mr. Frank Oliver followed in the name of the immigration policy of the federal government.

**Labor Announcements**

When the House met Alphonse LaPlante (Massachusetts) introduced a bill to amend the Lord's Day Act, to allow musicians to play on Sundays after four o'clock in the afternoon, under strict conditions and to give waiters and

way Act and the Industrial Disputes and Investigation Act. The first act gives the railway commission jurisdiction over the length of service and the number of men to be

the amendment to the Industrial  
Relations Act will enable strikers to  
win strike money and other union  
benefits although on strike in con-  
nection of the act. Under the

"You are not permitted," said Mr. Donnell, explaining the necessity of the proposed amendment, "to give either a dollar or a cent."

Mr. Wilfrid Laurier again asked if writ for the South Renfrew by-election had been issued. Premier Borden replied that it had and that some difficulty had arisen with regard to the lists. Under law some of the lists of 1911 had to be used and some could not.

arrived on Dec. 7 and the Ontario  
elections had been held four days  
ago. There was no reason why the  
results should be used in the Ontario election  
and did not be used now.

Mr. Horden said that he did not  
know that there were such lists  
which could have been used.

Mr. Wilfrid: "We can presume so."

Mr. Horden said he was not pre-  
sented to the committee and that he

## NEWS OF STRATHCONA

ADDRESS BY DR. HODDGE.

"Do not make a permanent situation out of a passing mood," was the advice given to the men at the men's meeting, on the afternoon in the Young Men's club by Dr. Hodge, of Alberta College. From his own experience he spoke earnestly and with conviction of a woman's mood. "We are at times discouraged and annoyed by trifles. The world sees the mood but it does not see me. I know I am better than the mood. I want to be above the mood. Then making of the mood dominant mood, he said it was an awful feeling that his friend gave the hand of friendship. But the mood is not the real self. Friendship and sends him away crushed. The fellow that is fighting the lonely mood needs the warm hand of sympathy."

"Other moods may be due to imagination of wrong interpretation of other's moods, and to sensitiveness. Let the other fellow do his work and succeed, but you work out your destiny along your own line. Man is apt to forget what he can do after seeing the thing which he can do, but which the other fellow can't do."

A passing mood of discouragement may be due to indication of a need for rest after a hard day's work," said Dr. Hodge, who advised sleep as a better cure than fretting. "Get yourself into the condition when you can see stars of hope. The discouragement will brighten tomorrow. I am above my moods and by God's help I will be a man."

Then the speaker told of his own struggles, with, said at Brumby High school, where his teacher told him to go back to the farm. He did not go back, but he did his eye on something ahead.

In conclusion, he earnestly advised his audience of interest listeners. "There is something to accomplish in life. After all, boys, the mission of life is something good. I would rather be a poor struggling boy than have the so-called success of some men. Greatness is goodness in activity. It is stony today but fair tomorrow. God is on the side of the man who is struggling up. The mood is not going to make you. You are bigger than your mood and will rise before it. Struggle again and rise."

NEW RECTOR INDICATED.

On Sunday morning, Rev. C. Carleton, D.D., of the University of Toronto, was indicated as rector of Holy Trinity church, Archdiocese of Regina, by the Rev. Dr. Hodge, who was in charge of the service. The rector of the church was present by the priest's wife and a number of the people, who were then conducted to the pulpit, chair.

Archdeacon Gray, in addressing the congregation, and the rector, chose as his subject, "The mission of the coming Christ."

He stated that the duty of the church of God through Jesus Christ was to carry consolation to the world and that the purpose of existence as a congregation was not to exalt merely for special religious services, but to witness Christ.

The best way to praise God is to accomplish His purpose, for men are agents in the accomplishment of God's purpose," he said.

The work of the church is God's business, so when it is thrust aside testimony is borne to the world that the things of God are not as important as the trivialities of worldly life. The world today craves for a true witness of the church to the truth of its teaching.

He urged the congregation to be loyal to God as a leader and to the new rector, as His ambassador.

Then turning towards the newly inducted rector the preacher advised him to look to God for guidance, support and strength.

Archdeacon Gray concluded with saying: "With pastor, minister, congregation loyally looking to God as their leader, blessing will rest upon you all and the future will be bright with successful work well done."

UNIVERSITY NOTES.

The students will conclude on Tuesday, a breathing spell of one day with results the students to get ready for the convocation on Thursday evening, February 1st.

The students are sending out invitations to the members of the Senate and the Board of Governors, and to all the friends of the students.

The programme will consist of music and dancing, with a promenade and exhibitions of scientific experiments.

Albert Henns, four years old, son of James Henns, of Strathcona, died on Friday, January 26th. The funeral was held on Sunday at the Lutheran church near Kildare.

S. R. Skinner, deputy head consul of the Modern Woodmen of America, is in the city for a few weeks heling to build up the membership of the local camp of the M. W. of A.

LOCALS.

There will be a congregational meeting of the parish of Holy Trinity tonight. Reports of the year's work election of officers and arranging plans for future work will be discussed.

A grand lodge of Good Templars for the province of Alberta, will be convened in the Grand Hall, Strathcona, on Monday afternoon, February 5th. Representatives will be present from the lodges throughout the province.

After the opening ceremonies the session will be opened to members of subordinate lodges, and all of such are invited to be present. The formation of a grand lodge for Alberta will have only Saskatchewan without such a body, there being a grand body in every other province, with a national lodge for the Dominion.

It had been quite settled, as was first announced some weeks ago, that the Queen was anxious to avoid the troublesome passage of the Day of Mourning, like many other travelers from the East, by journeying over land from Montreal. But the diplomatic authorities discovered that it would be a breach of international etiquette for the Queen to land on French soil and to travel across it. It is the atypical incognito before she had first visited that country officially as Queen Consort.

## "FEBRUARY"---to be a Month of Wonderful Value Giving

### SOMETHING NEW FOR EACH DAY'S SELLING

JANUARY sales out lived our anticipations, and for the shortest month in the year we want to crowd in the largest month's business. To realize our purpose we have organized a special campaign of value-giving sales out of which the Edmonton people can realize remarkable savings. Huge cases full of new goods specially purchased for these sales are arriving daily; bought in quantities at saving discounts from New York manufacturers. We want you to share in this month's remarkable value, so watch the papers for these value-giving events

### LOOK AT THESE VALUES IN LADIES' FURS.

We think so, and if you come and see the quality of the garments shown, you will agree with us. If you don't need furs now, buy for next winter. It will be money in your pocket to do so.

### A New Feature

### DIPLOMATIC RED TAPE TO CAUSE SUFFERING

London, Jan. 29.---The arrangements for the coronation of the King and Queen were, it appears, altered at the last moment for consideration of diplomatic red tape and international etiquette.

It had been quite settled, as was first announced some weeks ago, that the Queen was anxious to avoid the troublesome passage of the Day of Mourning, like many other travelers from the East, by journeying over land from Montreal. But the diplomatic authorities discovered that it would be a breach of international etiquette for the Queen to land on French soil and to travel across it. It is the atypical incognito before she had first visited that country officially as Queen Consort.

## DISASTROUS FIRE AT THE RICHELIEU HOTEL

Strenuous Efforts Succeeded in Saving Part of Building.

WATER PRESSURE LOW FOR A TIME

Inmates, Including Scarlet Fever Patient, All Escape.

The Richelieu Hotel, at the corner of Third street and Peace avenue, was yesterday the scene of a disastrous fire. The outbreak was discovered about half-past three, in the basement under the pool room, and it appeared to have been caused by an overheated furnace.

The whole strength of the fire department was called out and made a hard fight with the flames, but in spite of their efforts the older part of the building, erected six years ago, which was used with a Scotch veneer—being in part the structure of the old Hotel du Canada—was lost a prey to the devouring element. The rooming being completely gutted from basement to roof. The western part of the hotel—a recent addition—was, however, saved, although some damage was done by smoke and water. Firemen struggled placed on the burning fabric—some from the building and two from the adjacent house, besides the hotel staff, but all were got out in safety without much difficulty, because one lady who was suffering from scarlet fever—a great danger to those thrown out of the windows, and when the fire had been partially subdued, about half-past four, the owners of these boxes were observed frantically trying to collect their scattered belongings. A considerable amount of furniture was also extricated from the burning building, and the business books were also saved, which it is expected that the wholesale job the safe will be intact.

The work of the fire department was greatly hampered by a peculiarly unfortunate circumstance. The big new pump, recently secured from Mason Brothers, Seattle, was being connected up at the water works. Sunday night being considered the most opportune time for this work, and while this operation was in progress the big traffic pump had to be disconnected, and the result was that from one o'clock until between four and five o'clock there was hardly any pressure of water in the mains. When work of the fire started the water works, all efforts were put forth to get the pump in operation, but, owing to the fact that a large valve had to be turned on, it was

## CALGARY WILL GET 'PHONE EXTENSIONS

Delegation From Board of Trade of Southern City Wants on Premier Sifton and Receives Definite Assurance of Large Extension to System.

A delegation from the Calgary Board of Trade waited on Premier Sifton yesterday with regard to the extension of telephone wires to that city. The delegation was introduced by Mayor J. W. Mitchell, and included J. A. Irvine, J. A. Valente and J. L. Woods.

The board of Trade learned that about 50 applications for telephone had been sent in, and it was feared that by the time these were treated, as many more would have been requested. The board of Trade, therefore, appointed a delegation to wait on the Minister of Telephones, with a view to expediting the installation of telephone in Calgary. The delegation then informed that the department of telephones proposed to much larger extension in Calgary than they had anticipated.

The Premier stated that by next July the government expected 2,000 more phones could be placed in operation in Calgary. An order for 1,000 phones had been placed, and the Automatic Telephone Company, Chicago, and also were already on the way. The company promised that the number should be installed within six weeks. Altogether, 1,500 phones had been placed for Calgary, which means an extension of 50 per cent. in those at present in operation. The department also offered that in a very short time the government would be able to establish a regular extension of telephone in Calgary. The department would be made particularly whether complaint had been made or not. The only order in the putting into force of the system of inspection would be the time taken in finding properly qualified experts for the purpose.

Mr. Woods told a Bulletin representative that the improvements and extensions promised would give entire satisfaction to the board of Trade of Calgary.

**HAD FIRE IN MONTREAL.**  
General Alarm Turned in For Blaze in Lumber Mills.

Montreal, Que., Jan. 29.—For the second time within a week, a general alarm has been turned in, and the Montreal brigade called upon to turn out in full force. This morning's alarm was turned in for fire at the big mills of the Quebec, Brown & White Lumber Company on Silver street. Notwithstanding that safety alarms played into the four corners of the building, it was impossible to stop the flames, which gained great headway before the brigade arrived. The building, with all its machinery and tools belonging to the employees, is a total loss. The loss will probably reach \$250,000. Much of this is not covered by insurance.

## 'ULSTER WILL FIGHT AND ULSTER WILL BE RIGHT' HE SAID

Winston Spencer Churchill Deals With Famous Utterance of His Father, Lord Randolph Churchill.

LETTERS EXCHANGED BY CHURCHILL AND LONDONEDERRY

Churchill Says Unionist Party Have no Claim to Him on Account of His Father.

London, Jan. 28.—The correspondence between Winston Churchill, first lord of the admiralty, and Lord Londonderry, regarding the home rule issue, which is to be held in Belfast on February 5, has not yet been decided. Mr. Churchill sending a special letter to the speaker, in which he explains that he has nothing to do with the local arrangement for the Belfast meeting and reminds him that his father's name has been held in Ulster.

"I am another idea," said Mr. Churchill, in his latest letter, "than to discuss, according to the long established custom of British political matters which are serious to us and which we freely recognize as serious to you. The right of Ireland must be the deep concern of every British government. They will be respected by all who faithfully strive to reconcile Ireland to the British empire and end the troubles which disturb the foundations of the state."

"Your letter forced me to refer to a personal matter. Your lordship has a claim to which I bow, to remind me of the memory of Lord Randolph Churchill. You were his friend through evil as well as good days. The Unionist party, with which a few members of the very speech which is now on their lips pursued him with harsh criticism, have not such right."

It was on the platform if Ulster felt that Lord Randolph Churchill, the father of Winston Churchill, the descendant of Mr. Gladstone's home rule bill and at the same time declared, "Ulster will fight and Ulster will be right." It is to the mention of this by Lord Londonderry that Mr. Churchill's letter refers.

## NEWS OF SPORT

## SUMMARY OF THE DAY'S NEWS

**HOCKEY**—Somerville hockey team wins from the Hudson Bay team in Mercantile league game at Thistle rink last night. H. A. scores—Taker will play backline in Thistle rink—Montreal hockey team was defeated in New York by the Crescent Athletic of that city.

**CURLING**—Results at opening draws of Moose Jaw tournament—Results at draws local curling clubs—Two challenges are in for the Winner Red Leprie trophy.

## HOCKEY

**SOMERVILLE WINS**—The Somerville team defeated the Hudson Bay team by a score of 4 to 1. The game was a much better exhibition of the great winter game than the match between the H. A. and Acadia, the play being faster and the checking harder. Both teams had some new players on their line-up, and were considerably improved. The game score and penalties are as follows:

**SOMERVILLE** Goal: Ross. Back: Hanson. Forward: Williams. Defense: Davies. Goal: Ross. Back: Hanson. Forward: Williams. Defense: Davies. Goal: Ross. Back: Hanson. Forward: Williams. Defense: Davies.

**ACADEMIC TEAM WINS**—The Acadia hockey team defeated the Hudson Bay team by a score of 4 to 1. The game was a much better exhibition of the great winter game than the match between the H. A. and Acadia, the play being faster and the checking harder. Both teams had some new players on their line-up, and were considerably improved. The game score and penalties are as follows:

What does 35% duty add to the value of a Car?

UTOMOBILE buyers are so used to paying "The Canadian price" for a car that they have formed the habit. When they pay \$2,200 for a car, they forget that it is only a \$1,500 car they are getting; that the extra \$700 is not real value but customs duty. They are forgetting that the 35% duty is an outlay which does not give any return in service. That it adds cost without adding value.

The Tudhopes have overcome this heavy customs charge by manufacturing in Canada on a large scale. They have adapted to Canadian designs and models which have been prepared at enormous outlay for the larger American market. Tudhope Cars are made entirely in Canada—in a factory which is not surpassed in equipment by any on the continent. The output is large—the cost of production is low. Tudhope Cars are produced in Canada for as low a price as is possible in the United States.

And here is where the buyer profits. The fact that customs duty must be added to the selling price of other cars does not influence us.

**The Tudhope**  
"The Car Ahead"

Remember these cars. Note the superior finish, the nickel trimmings and fine upholstery; note the Special Tudhope equipment; long wheel-base and extra large tires which add to riding comfort and reduce tire wear; the double-door frame; long-travel motor cast and the material—chrome-nickel steel. Note the following high priced features:

**BOSCH DUAL IGNITION SYSTEM**  
The unit power plant of the Tudhope, with its long-stroke motor, is equipped with Bosch Dual Ignition system. This gives two independent sources of current and insures perfect ignition. It is the best system obtainable.

**CONTINENTAL DEMOUNTABLE RIMS**  
All Tudhope cars have this superior equipment, which is recognized as the safest and most convenient of the equipment adopted by all the high priced cars and is included in Tudhope Cars without extra cost.

**SPECIAL EQUIPMENT**  
The Tudhope prices include everything the buyer needs, big and small. Of course, also speedometer and steel wheels and tires. The Tudhope is supplied with an Extra Tire and demountable rim, tire and wheel, and a spare tire.

**Get the 1912 Tudhope Catalogue. Your dealer will supply you or write for it direct to us.**

**Extra Tire with Every Car**

**Two Years Guarantee**
